Vector Forum 2019
27th June | Stuttgart

**Agile Scaling – Scaled Agile
Adaptive | Distributed | For Critical Systems**

INVITATION

Agile Scaling — Scaled Agile

Agile teams are best suited for innovation and competitiveness. When well implemented, they always deliver higher productivity, faster time to market and better quality. However, many companies face challenges when scaling Agile, where different teams must synchronize. More than half of agile transformations are cancelled.

How to sustainably ramp up Agile development? How to scale Agile methods for critical systems, complex supplier networks and distributed teams?

Join the **Vector Forum 2019 on 27th June in Stuttgart**. Learn hands-on from prominent experts about **Agile Scaling** in different domains.

Get in touch with decision-makers from technology leaders to share experiences. Benefit from presentations and discussions on how to scale Agile methods for your own environment. Learn from our case studies how agile will work in your teams and company.

Your key take-aways:

- > Bosch, Daimler, Festo, Knorr-Bremse, ZF and Vector will share practical experiences
- > Exchange with professionals and participants
- > Grow your network
- > Reserve in advance a consulting slot with one of our experts — for any of your current challenges

We are looking forward to meeting you!

Dr. Thomas Beck
Managing Director
Vector Informatik

Dr. Christof Ebert
Managing Director
Vector Consulting Services
